ANNOUNCEMENT

We firmly decline the recent articles in the financial press according to which HYGEIA Group has submitted an offer in order to acquire a stake in the maternity hospital named "REA", which is under construction.

Furthermore, the allegedly offer of € 20 per share reported in the article is multiple of the paid share capital of the company, something that cannot be justified for a company that hasn't started its operations yet. We wonder how "wishful thinking" becomes "news" even into reputable newspapers.
