### **B.** Interim Financial Information Review Report

To the shareholders of the DIAGNOSTIC AND THERAPEUTIC CENTER OF ATHENS HYGEIA SA

#### Introduction

We have reviewed the attached company and consolidated statement of financial position of the company **DIAGNOSTIC AND THERAPEUTIC CENTER OF ATHENS HYGEIA SA**, dated 30 June 2012, the relevant condensed company and consolidated comprehensive income statements, changes in net position statements and cash flow statements for the six-month period which ended on the aforementioned date, as well as the selected explanatory notes that comprise the interim financial information, which forms an integral part of the semi-annual financial report required by Law 3556/2007. Company management is responsible for preparing and presenting the condensed interim financial information in accordance with the IFRS which have been adopted by the EU and are applied to interim financial reporting (IAS 34). Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

#### Scope of review

We carried out our review in accordance with International Standard on Review Engagements 2410 "Review of Interim Financial Information performed by the independent auditor of the Entity". The review of the interim financial information comprised asking exploratory questions, primarily mainly from persons who are responsible for financial and accounting issues, and critically analyzing them, as well as other review procedures. The extent of a review engagement is materially less than an audit carried out in accordance with the International Auditing Standards and consequently does not permit us to safely assume that all major issues which would have been pointed out in an audit have come to our attention. Consequently, this document does not contain an audit opinion.

#### Conclusion

Based on the review carried out, we did not become aware of anything that would lead us to the conclusion that the attached interim financial information has not been prepared, from all material perspectives, in accordance with IAS 34.

#### **Issues Emphasized**

Please pay attention to note 14 of the attached condensed interim financial information, which pertains to the issue of the Group being in the process of renegotiation with credit institutions with the aim of reestablishing the terms and conditions of lending liabilities due to non-compliance with the terms and conditions for existing banking loans amounting to  $\in$ 20m, as well as due to the contractual termination of short-term lending liabilities amounting to  $\in$ 137m. Moreover, explanatory note 14 mentions the fact that the Group's total short-term liabilities exceed total current assets by  $\in$ 110m, a fact that may possibly imply the existence of uncertainty with regard to the unimpeded continuation of the Group's activities, which depends to a great extent on the refinancing of its existing loans. As mentioned in the same note, the Group's Management has planned actions to adopt measures for improving its financial position and ensuring the smooth continuation of its activities. There are no reservations expressed in our conclusion regarding this issue.

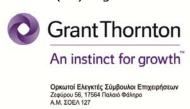

# Report on other legal and regulatory issues

Our review did not identify any inconsistency or mismatch between the other data in the semi-annual financial report required by Article 5 of Law 3556/2007 and the attached condensed interim financial information.

# C. Semi-annual Board of Directors Report of DIAGNOSTIC AND THERAPEUTIC CENTER OF ATHENS HYGEIA SA on the separate and consolidated Financial Statements for the period 1 January 2012 – 30 June 2012

Dear shareholders,

In accordance with the provisions of Article 5 (6) of Law 3556/2007, as well as Article 3 of Decision 1/434/2007 and Article 4 of Decision 7/448/11.10.2007 of the Hellenic Capital Market Commission, we are submitting the Board of Directors' Semi-annual Report for the closed period 1 January 2012 to 30 June 2012, which was prepared and is consistent with the relevant provisions of Law 3556/2007 and the related executive decisions issued by the Hellenic Capital Market Commission.

This report describes the financial developments and performance of the Group and the Company during the reporting period, the significant events that took place during the closed period and their impact on the semi-annual financial statements, as well as the operational growth prospects in the second half of the current fiscal year. It also describes the main risks and uncertainties that the Company may face in the second half of 2012 and provides the major transactions conducted between the Company and its related legal entities.

#### (A) FINANCIAL DEVELOPMENTS AND PERFORMANCE DURING THE REPORTING PERIOD

The Greek economy continues to suffer major macroeconomic challenges in 2012, as the increasing uncertainly regarding the viability of the Greek debt as well as the implementation of added fiscal measures to reduce the deviations from the targets of the Greek budget have aggravated the recession, leading to a reduction in liquidity and a decline in domestic private spending.

Being aware of the general trends and challenges posed by the economic crisis, HYGEIA Group focused on maintaining adequate liquidity, in combination with continuously improving the quality of the services offered and managing more efficiently the contracts with major insurance companies.

During the first half of 2012, both HYGEIA Hospital and the Group demonstrated strong operating profitability, confirming this way the Group's restructuring plans.

According to the sector study conducted by ICAP on private healthcare companies (July 2012), based on the financial figures from the last three years, parent company HYGEIA SA was ranked first among 56 companies with regard to its EBITBA, its total assets and its equity, reflecting its leading position in the provision of healthcare services.

The strategic initiatives of the Group's Management for the coming period are: 1) maintaining the leading role of the Group in Greece, amid a truly adverse economic environment, 2) disinvesting from non-core operating activities, 3) continuously increasing the operating efficiency of the Group's companies, while effectively improving cost structure and maximizing synergies within HYGEIA Group, and 4) seizing any investment opportunities that may arise.

The financial figures for both separate and consolidated data are as follows:

**INCOME**: On a consolidated basis, the Group's revenues for the first semester of 2012 stood at €127.8m, compared to €128.2m for the corresponding period in 2011. HYGEIA SA's revenues dropped by 3.8% and stood at €72.7m. On the contrary, MITERA and LETO maternity hospitals posted an increase in revenues. Specifically, MITERA's revenues increased by 5.1% and stood at €34.1m, while LETO's revenues rose by 6.14%, reaching €8m.

**EBITDA**: Consolidated EBITDA increased considerably by 188.2%, marking €10.9m. Respectively, the consolidated EBITDA margin was 8.6%. HYGEIA SA's EBITDA stood at €13m, reflecting an increase of 5.7%, while the EBITDA margin as a percentage of sales was 17.9%. MITERA's EBITDA improved significantly and was -€526thou. from -€4.1m for the corresponding period last year. Respectively, LETO's EBITDA also improved, posting €201thou. in earnings, as opposed to -€892thou. in losses for the first semester of 2011.

**EBIT**: Consolidated EBIT was €0.95m, as opposed to -€5.4m in losses for the first semester of 2011. The corresponding consolidated EBIT margin was 0.7%, as opposed to -4.2% for the first semester of 2011. HYGEIA SA's EBIT stood at €8.4m, reflecting an increase of 0.44%, while the EBIT margin as a percentage of sales was 11.6%.

**EARNINGS (LOSSES) BEFORE TAXES**: Consolidated losses before taxes for the Group's continuing operations stood at -€5.5m, improving by 59% compared to the corresponding period of 2011. HYGEIA SA's earnings before taxes stood at €5.4m, while MITERA's losses before taxes were -€3.9m and LETO's were -€486thou.

**NET EARNINGS (LOSSES) AFTER TAXES & MINORITY INTERESTS**: The Group's net losses from continuing operations were -€5.6m, as opposed to -€11m in net losses for the first semester of 2011. At company level, earnings after taxes stood at €3.9m, as opposed to -€1.7m in losses for the first semester of 2011. MITERA's net losses stood at -€4m, while LETO's losses at -€496thou.

**LOANS** – **CASH BALANCES**: The Group's total bank borrowing (long-term and short-term) stood at €202.2m, as opposed to €192.5m on 31 December 2011. The Company's loans stood at €95m on 30 June 2012 and 31 December 2011. On the other hand, the Group's and the Company's cash balance stood at €34.9m and €28.2m respectively during the closed period.

**CASH FLOW FROM OPERATING ACTIVITIES:** The consolidated net operating cash flow stood at -€7m, as opposed to -€7.4m for the corresponding period last year. The Company's net operating cash flow stood at approximately €1.2m, as opposed to -€183thou. for the corresponding period of 2011.

#### (B) SIGNIFICANT EVENTS DURING THE FIRST SEMESTER OF THE FISCAL YEAR

On January 11<sup>th</sup> 2012, the subsidiary Y-Logimed SA entered into a strategic partnership with Abbott to represent and distribute its cardiology products.

On March 27<sup>th</sup> 2012, subsidiary HYGEIA Hospital Tirana ShA completed a share capital increase of €17.15m, which arose from the capitalization of the parent company's receivables.

On April 3<sup>rd</sup> 2012, MITERA Hospital received the Corporate Superbrands Greece award, as it accumulated the highest overall score in the "Healthcare Institutions-Diagnostic Centres" category. As "Superbrand" is considered a brand that has established excellent reputation in its sector and offers its customers significant tangible or perceived advantages, which the clients in turn recognizes or requires.

On April 25<sup>th</sup> 2012, MITERA Hospital's Assisted Reproduction Unit (IVF) received the ISO 9001:2008 certification for quality management systems from TUV Austria Hellas. The certificate was issued following the successful detailed inspection of the Unit's operating procedures.

On May 17<sup>th</sup> 2012, the BoD appointed Mr Georgios Politis as a Non-Executive Board Member, replacing Chairman and Executive Board Member Mr Konstantinos Stavrou, who resigned. On the same day, the BoD decided to appoint: (i) Mr Andreas Vgenopoulos as the new Executive Chairman of the Board and (ii) Mr Georgios Politis as the Non-Executive Vice-Chairman of the Board.

On May 24<sup>th</sup> 2012, the Company's new Board of Directors was elected by the Ordinary General Meeting for Company shareholders, as follows: Andreas Vgenopoulos, Chairman – Non-Executive Member; Georgios Politis, Vice-Chairman – Non-Executive Member; Areti Souvatzoglou, CEO – Executive Member; Georgios Efstratiadis, Executive Member; Andreas Kartapanis, Executive Member; Sotirios Gougoulakis, Non-Executive Member; Anastasios Kyprianidis, Non-Executive Member; Christos Maroudis, Non-Executive Member; Giannis Andreou, Non-Executive Member, Georgios Zacharopoulos, Non-Executive Member; Evaggelos Dedoulis, Non-Execut

Executive Member; Meletios Moustakas, Independent Non-Executive Member; Alexandros Edipidis, Independent Non-Executive Member.

# (C) PROSPECTS – BUSINESS DEVELOPMENTS FOR THE $2^{\rm ND}$ SEMESTER OF THE CURRENT FISCAL YEAR

The prospects for the domestic healthcare sector for the second half of the 2012 fiscal year, as well as the medium-term future, are closely related to the progress of the Greek economy. The current economic recession and the macroeconomic instabilities in the Greek economy compose an uncertain climate and affect all economic sectors, including the healthcare sector, where HYGEIA Group holds a leading position. The measures adopted to confront the crisis are reducing the citizens' disposable income, are increasing direct and indirect taxation and are curbing the financing allocated to consumers and businesses from credit institutions.

HYGEIA Group's Management, being aware of the general trends and challenges posed to the private healthcare services sector, in combination with the continuously growing patient needs to access new and comprehensive medical services and the implementation of the Joint Commission International (JCI) standard – the only such accreditation given to a Greek hospital – has entered into an agreement with the newly-established National Organization for Healthcare (EOPYY), which forms the umbrella social security foundation for those insured by IKA-ETAM, OGA, the Insurance Organization for the Self-Employed (OAEE), the Public Sector Fund (OPAD-TYDKY) and other social security funds.

The partnership between HYGEIA and EOPYY has created a high volume of patient admissions; however, at the same time, it has increased the outstanding balances to the Group's clinics.

The efficient operation of the Organization and the consistency in paying any outstanding amounts by the due dates is inexorably interwoven with the country's economic situation. Any delays in EOPYY payments may create liquidity problems.

Meanwhile, aiming at constant growth, HYGEIA Group has expanded its partnership with the largest Greek and foreign insurance companies, ensuring high patient volume and adequate liquidity.

At the same time HYGEIA Group's Management, timely recognizing the potential of both the domestic and the international healthcare services sectors, proceeded with restructuring the Group, and the first semester of 2012 operating results justify this strategic choice.

The Management's priorities in dealing with the crisis for the second half of 2012 will focus on ensuring the healthy financial structure of the Group, improving working capital management, reducing operating costs and maximizing the potential of synergies among the Group, so that it may become more competitive in the future.

The Management is monitoring the developments and adapting its strategy to effectively confront the negative consequences of the crisis and to take advantage of any opportunities which may arise.

# (D) MAIN RISKS AND UNCERTAINTIES FOR THE 2<sup>ND</sup> HALF OF THE CURRENT FISCAL YEAR

HYGEIA Group is active in the area of primary and secondary healthcare, offering comprehensive services. The private healthcare sector in Greece demonstrates certain peculiarities, which are due to the leading position that the public healthcare sector traditionally occupied. The chronic structural problems and the inability of the public sector to meet the constantly rising demand and offer quality healthcare services led to the significant increase of private hospitals. However, the economic crisis has also affected demand in the private healthcare sector, which must now deal with the negative impact of the austerity measures that have been announced, such as the deterioration of consumer trust, the further reduction in disposable income, the rising unemployment, the decrease in consumer spending, the limited financing offered to consumers and businesses by credit institutions, and the restructuring of the private insurance market.

The quarterly report prepared by the Foundation for Economic & Industrial Research (IOBE) anticipates a 6.9% recession for 2012, as opposed to 5% which was the initial estimate, due to the decrease in consumer demand, while unemployment skyrocketed to the record level of 23.6% for the first quarter of 2012, compared to 15.9% for the same period last year. At the same time, major deviations are recorded in executing the 2012 Supplementary Budget, with the biggest problem being the delay in revenues, which is expected to be further exacerbated in the second half of the year due to the deeper-than-expected recession.

All these evidence that the prospects in the domestic healthcare services sector for 2012, as well as in the medium-term future, are closely related to the progress of the Greek economy. Any possible inability from the part of HYGEIA Group to respond to the new state of affairs could have a negative impact on its financial situation and its operating results.

Meanwhile, the Group continues to operate driven by the long-term interests of the company's stakeholders, focusing on introducing added-value services, investing in cutting-edge technology, quickly adjusting to the developments in medical science and technology, and offering innovative services in niche markets, all the while endeavoring to provide top-quality healthcare services, with respect for people, society and the environment.

The Management is monitoring the developments and adapting its strategy to effectively confront the negative impact of the crisis and to take advantage of any opportunities which may arise.

#### 1. Risk from Competition

In the last few years, the private healthcare sector has demonstrated constant growth, with the five largest business groups of the sector accumulating 60% of the total revenue generated. Moreover, HYGEIA Group holds the leading position in the sector as the largest group in the provision of general and maternity healthcare services. Competition among private healthcare units is quite fierce and focuses on updating medical equipment, offering broad services, upgrading quality, providing faster services and expanding the existing facilities to house new departments. A case in point is the fact that several private hospitals include anything from maternity clinics to diagnostic centers, so as to cover a broader range of services. Another competition aspect observed in the private healthcare sector is that partnerships between private units and insurance companies have expanded and contracts with social security funds have been signed, covering the medical expenses of a larger number of patients. By constantly improving its services, HYGEIA Group not only aims to maintain its leading position, but to also become a pioneer in the sector, offering new services. However, in the event that the Company discontinues its growth and investment policy and does not establish new partnerships, its competitive position may be significantly affected.

#### • Dependence on contracts with insurance companies

HYGEIA SA holds major long-term contracts with leading insurance companies, including ETHNIKI, ING, ALLIANZ, BUPA, ALICO, AXA ASSISTANCE, INTERAMERICAN, GENERALI, GROUPAMA, AGROTIKI INSURANCE etc.

Furthermore, the company has signed a contract with MedNet Hellas SA, an insurance agent that manages hospitalization insurance plans for insurance companies in Greece.

These agreements ensure continuous growth and larger patient volume, while significantly decreasing the Group's exposure to competition and liquidity risks.

#### 2. Exchange Rate Risk

Exchange rate risk is the risk of a fluctuation in the value of financial instruments, assets and liabilities due to fluctuations in exchange rates. The vast majority of the Group's transactions and balances are in euro, as is also the case with lending liabilities, apart from Evangelismos Group, which has a bank loan in Swiss franc, so as to take advantage of the lower interest rates. Therefore, exposure to exchange rate risk is considered to be low. Moreover, with regard to the investment in Albania, the Group is affected by changes in the exchange rates between the euro and the local currency (lek), but only regarding the net position figures from converting the company's balance sheet into euro. In any case, however, the Group's Management is

continuously monitoring any exchange rate risks that may arise and assesses the need to adopt relevant measures.

#### 3. Interest Rate Risk

Today, with the prolonged international economic downturn, as well as the severe financial crisis in Greece, safe estimates cannot be made regarding the progress of domestic interest rates and market margins during 2012.

The Group is seeking to strike the optimal balance/relationship between borrowing costs and any possible impact on earnings and cash flows that may be prompted by changes in interest rates. It is the policy of the Group companies to have the majority of their loans in euro at floating interest rates. This policy benefits the Group when interest rates drop. On the contrary, it exposes it to cash outflow risks when interest rates rise.

With regard to the existing mutually beneficial partnerships between the Group companies and credit institutions, the approved credit limits in place and the other terms of agreement, no short-term risks are expected that may gravely affect the efficient operation of the Group companies.

The Groups is monitoring and managing its loans and its economic strategy in general, proceeding with a combination of short-term and long-term loans. The Group's policy is to constantly monitor interest rate trends and its financing needs.

#### 4. Liquidity Risk

HYGEIA Group is managing the risks that may be incurred due to a liquidity shortage by ensuring that it has adequate cash in hand to meet its contractual liabilities in due time, both in the long-term and the short-term. Liquidity requirements are monitored in various time zones on a daily and weekly basis, and on a rolling 30-day basis. Long-term liquidity requirements for the 6 months ahead and the following year are calculated each month.

Moreover, at the end of the closed period, total short-term liabilities exceeded total current assets by €109,715thou. and €33,385thou. for the Group and the Company respectively, excluding long-term borrowings for the Group, amounting to €20m, which were reclassified as short-term liabilities and arose from subsidiary HYGEIA Hospital Tirana ShA. At the end of the period, the aforementioned subsidiary was not in compliance with the financial indicators for bank borrowing to equity and for short-term receivables to short-term liabilities; however, it has filed a request to the associated banks asking them for a mutually accepted waiver from the adherence obligation until June  $30^{th}$  2012.

Within the current fiscal year, the Group is intending to perform a series of actions so as to improve its liquidity. Specifically, the Company is in advanced negotiations with associated banks to sign a common corporate bond loan amounting to €95m in total with the aim of refinancing its existing bank loans.

Once the aforementioned contract is concluded and signed, the Group is intending to proceed with the subsidiary's "Mitera Private General Maternity Gynecological & Pediatric Hospital SA" refinancing of its existing bank loans with the issuance of a corporate bond loan amounting to approximately €42m.

#### 5. Credit Risk

The Group constantly monitors its receivables individually or joint and includes that information in credit controls. The Group's receivables/sales derive from social security funds, insurance institutions, insurance companies and private clients. There is minimal risk of loss associated with receivables from insurance companies. The most likely credit risk is mainly associated with: social security funds and their inconsistency in repaying outstanding balances; uninsured private clients; or insured patients for the additional amount not covered by their insurer.

Due to the adverse economic conditions, the Group has adjusted its credit policy towards clients accordingly, so as to be covered against the risk of doubtful receivables.

In any event, the Group's Management assesses the risk of not collecting its receivables, by ensuring adequate guarantees and making forecasts, so that the maximum exposure to credit risk is reflected on every asset.

# (E) TRANSACTIONS WITH RELATED PARTIES

This part includes the most important transactions and balances between the Company and its related parties, as specified in IAS 24.

#### Important transactions between the company and related companies

The most important transactions between the Company and its related parties during the fiscal year were the following:

- Purchases made by DTCA HYGEIA SA from subsidiary Y-Logimed amounting to approximately €10.3m, for the provision of medical supplies, special materials and laundry services.
- Services offered by DTCA SA to subsidiary MITERA SA amounting to approximately €1.2m, mainly for lab tests.

MARFIN INVESTMENT GROUP (MIG) constitutes a related party to the Company, due to the existing holding relationship as well as the common members on the BoDs of the companies.

# E. Notes on the condensed interim Financial Statements for the period ended *30 June 2012*

#### 1. General Information about the Group

HYGEIA SA was founded in 1970 by physicians, the majority of whom were professors at the University of Athens, and has since been active in the primary and secondary healthcare services.

The Company is housed in a private building situated on the corner of 4 Erythrou Stavrou Street and Kifisias Avenue in Marousi, Attica. HYGEIA Group's administrative services are located on the corner of 21 Ippokratous Street and Erythrou Stavrou Street in Marousi, Attica. The Company's internet address is www.hygeia.gr and its shares are listed on the Athens Stock Exchange.

In January 2006, MARFIN INVESTMENT GROUP (MIG) gained control of the Company and within the next few months, it launched a series of investment initiatives (acquisitions, mergers and the establishment of new companies), with the strategic objective to create the largest group of integrated healthcare services in South-East Europe. On June 30<sup>th</sup> 2012, HYGEIA Group was present in 3 Southeast European countries, owning a total of 6 private hospitals in Greece, Albania and Cyprus, with a total capacity of 1,422 licensed beds, 69 operating theaters, 40 delivery rooms and 11 ICUs, and employing approximately 3,400 people and over 4,000 associate physicians.

The Company's portfolio includes the following hospitals: DTCA HYGEIA; MITERA Maternity, Gynecological & Children's Hospital; LETO Maternity Hospital; ACHILLION Hospital in Lemesos, Cyprus; EVANGELISMOS Hospital in Paphos, Cyprus; and HYGEIA Hospital Tirana.

HYGEIA Group is active in the area of primary healthcare through the ALPHA-LAB Molecular Biology and Cytogenetics Center, the Athens Bio-check International Clinic and the West Athens Primary Medical Care Clinic.

Moreover, in July 2008, HYGEIA Group expanded towards the stem-cell banking sector, establishing subsidiary STEM-HEALTH HELLAS SA. Finally, HYGEIA Group owns a company trading in special materials, consumables, pharmaceuticals and general medical supplies (Y-LOGIMED SA).

HYGEIA SA offers its services to private individuals as well as patients seeking top-quality healthcare services through their social security funds and insurance companies. Throughout its history, and adhering to the principle of sustainable development, the Group has been endeavoring to combine top-level healthcare services, with a deep sense of respect for people, the society and the environment.

HYGEIA Group is a subsidiary of MARFIN INVESTMENT GROUP SA (MIG).

Compared to the same period in 2011, the GENESIS Group has not been included in the semi-annual consolidated Financial Statements for the period ended 30 June 2012, due to a sale agreement and loss of control on February  $14^{th}$  2011.

Upon conclusion of the share capital increase of subsidiary HYGEIA Hospital Tirana ShA on March 27<sup>th</sup> 2012, HYGEIA SA's direct holding percentage is 87.86% from 80.00%.

Upon conclusion of the share capital increase of subsidiary WEST ATHENS PRIVATE CLINIC PRIMARY MEDICINE SA, HYGEIA SA's indirect holding percentage is 71.80% from 49.00%.

Furthermore, upon conclusion of the share capital increase of subsidiary EVANGELISMOS MANAGEMENT LTD on 30 June 2012, HYGEIA SA's indirect holding percentage is 97.32% from 60.00%.

#### 3. Basis of presentation of Financial Statements

#### 3.1 Framework for preparing the company and consolidated Financial Statements

The interim company and consolidated Financial Statements (hereinafter Financial Statements) for the sixmonth period ended 30 June 2012 have been prepared based on the principle of historical cost, as amended with the readjustment of specific assets to fair values, and on the principle of going concern, after taking into consideration the points mentioned in Note 14. The Financial Statements are in line with the International Financial Reporting Standards (IFRS), as adopted by the European Union up to and including 30 June 2012, and specifically in line with the requirements of IAS 34 "Interim Financial Reporting".

The semi-annual Financial Statements for the period ended 30 June 2012 were approved by the Company's BoD on 27 August 2012.

#### 3.2 Presentation Currency

The presentation currency is the euro (currency of the country where the Group parent company is registered) and all amounts appear in euros, unless otherwise specified.

### 3.3 Comparability

The financials of the consolidated Comprehensive Income Statement and the consolidated Cash Flow Statement for the six-month period ended 30 June 2012 have been revised to include continuing operations only.

#### 3.4 Rounding off

Discrepancies between the amounts in the financial statements and the corresponding amounts in the notes are a result of rounding off.

# 4. Main accounting principles

The condensed interim Financial Statements for the six-month period ended 30 June 2012 contain limited information compared to the annual Financial Statements. The accounting policies used to prepare the Financial Statements are consistent with those that were used to prepare the Financial Statements for the fiscal year ended 31 December 2011. Therefore, the interim semi-annual Financial Statements must be studied in combination with the latest published annual Financial Statements for 31 December 2011, which contain a thorough overview of the accounting policies and valuation methods used.

# 4.1 New standards, interpretations, revisions and amendments to the existing standards which are in effect and have been adopted by the EU

The following amendments and interpretations of the IFRS were published by the International Accounting Standards Board (IASB) and their application is mandatory as of 1 January 2012 or thereafter. The most important standards and interpretations are listed below.

 Amendments to IFRS 7 "Financial instruments": Disclosure requirements for transferring financial instruments (applicable to annual accounting periods commencing on or after 1 July 2011)

The purpose of this amendment is to permit users of Financial Statements to improve their understanding of financial asset transfer transactions and the possible impacts of any risks which may remain for the entity which has transferred financial assets. Moreover, this amendment requires additional disclosures in the case where a disproportionate amount of transfer transactions has taken place at the end of the reporting period. The Group does not expect that this amendment would have any impact on the consolidated Financial Statements. This amendment was approved by the EU in November 2011.

# 4.2 New standards, interpretations, revisions and amendments to the existing standards which are not yet in effect or have not been approved by the EU

The following new standards and revisions to standards, as well as the following interpretations for existing standards, have been published, but either they are not yet in effect or they have not yet been approved by the EU. In particular:

 Amendment to IAS 12 "Deferred tax: Recovery of underlying assets" (applicable to annual accounting periods commencing on or after 1 January 2012)

This amendment to IAS 12 "Income Taxes" was issued in December 2010. It provides useful guidelines for the cases of assets measured at fair values, in accordance with the requirements of IAS 40 "Investment Property", for property recovered through use or sale. This amendment is applicable to annual accounting periods commencing on or after 1 July 2011. Earlier application is not permitted. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This amendment has not yet been approved by the EU.

Amendment to IFRS 1 "First-time Adoption of International Financial Reporting Standards"
 Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters of IFRS (applicable to annual accounting periods commencing on or after 1 July 2011)

The relevant amendments to IFRS 1 "First-time Adoption of International Financial Reporting Standards" were issued in December 2010. The amendments replace references to fixed dates with regard to first-time adopters of the IFRS with the term "the date of transition to IFRS". They set the conditions with regard to how a company must present its Financial Statements in accordance with the IFRS after a period whereby the company was not able to comply with IFRS requirements because its operating currency had been subject to severe hyperinflation. The amendments apply as of 1 July 2011. Earlier application is permitted. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This amendment has not yet been approved by the EU.

• IFRS 9 "Financial Instruments" (applicable to annual accounting periods commencing on or after 1 January 2015)

On 12 November 2009, the IASB issued a new standard, the revised IFRS 9 "Financial Instruments", which will gradually replace IAS 39 "Financial Instruments: Recognition and Measurement". Note that in October 2010, the IASB issued additions with regard to the financial liabilities that a financial entity has chosen to measure in fair values. According to IFRS 9, all financial assets are initially measured at fair value plus transaction costs. Subsequent measurement of financial assets is either performed at amortized cost or at fair value, depending on the company's business model with regard to its financial assets and the contractual cash flows of said asset. IFRS 9 does not allow reclassifications, except for the cases where the company's business model has changed, but even in that case, the company must reclassify all affected financial instruments in the future. According to the IFRS 9 principles, all equity investments should be measured at fair value. However, the Management has an option to present in other comprehensive income the realized and unrealized fair value earnings and losses on equity investments that are not held for trading. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This standard has not yet been adopted by the EU.

IFRS 10 "Consolidated Financial Statements", IFRS 11 "Joint Arrangements", IFRS 12 "Disclosures of interests in other entities", IAS 27 "Separate Financial Statements" and IAS 28 "Investments in Associates and Joint Ventures" (applicable to annual accounting periods commencing on or after 1 January 2013)

In May 2011, the IASB issued three new standards, specifically IFRS 10, IFRS 11 and IFRS 12. IFRS 10 "Consolidated Financial Statements" introduces a single consolidation model for all entities based on control. IFRS 10 replaces IAS 27 "Consolidated and Separate Financial Statements" and SIC 12 "Consolidation – Special purpose entities". IFRS 11 "Joint Arrangements" outlines the principles with regard to the financial reporting for entities that jointly control an arrangement. IFRS 11 replaces IAS 31 "Interests in Joint Ventures" and SIC 13 "Jointly Controlled Entities – Non-monetary Contributions by Venturers". IFRS 12 "Disclosures of interests in other entities" combines, enhances and replaces disclosure requirements for subsidiaries, jointly controlled entities, associates and unconsolidated structured entities. As a consequence of these new standards, the IASB also issued the amended IAS 27, entitled IAS 27 "Separate Financial

Statements", and the amended IAS 28, entitled IAS 28 "Investments in Associates and Joint Ventures". The new standards are applicable to annual accounting periods commencing on or after 1 January 2012, with earlier application permitted. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. The aforementioned modifications have not yet been adopted by the EU.

 IFRS 13 "Fair Value Measurement" (applicable to annual accounting periods commencing on or after 1 January 2013)

In May 2011, the IASB issued IFRS 13 "Fair Value Measurement". IFRS 13 defines fair value, sets out a single standard a framework for measuring fair value, and requires disclosures about fair value measurements. IFRS 13 is applicable is cases where other IFRSs require or allow fair value measurements. IFRS 13 does not introduce new requirements for measuring the fair value of an asset or liability. Moreover, it does not change what other standards stipulate with regard to which financials are measured at fair value and does not mention how the changes in fair value are to be presented in the Financial Statements. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. The new standard is applicable to annual accounting periods commencing on or after 1 January 2013, with earlier application permitted. This standard has not yet been adopted by the EU.

 Amendments to IAS 1 "Presentation of Financial Statements" – Presentation of Other Comprehensive Income (applicable to annual accounting periods commencing on or after 1 July 2012)

In June 2011, the IASB issued amendments to IAS 1 "Presentation of Financial Statements". These amendments refer to the way information about other comprehensive income is presented. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. These amendments are applicable to annual accounting periods commencing on or after 1 July 2012. This amendment was approved by the EU in June 2012.

• Amendments to IAS 19 "Employee Benefits" (applicable to annual accounting periods commencing on or after 1 January 2013)

In June 2011, the IASB issued amendments to IAS 19 "Employee Benefits". These amendments aim at improving issues relating to recognition and disclosure requirements for defined benefit plans. The new amendments are applicable to annual accounting periods commencing on or after 1 January 2013, with earlier application permitted. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This amendment was approved by the EU in June 2012.

• IFRIC 20 "Stripping Costs in the Production Phase of a Surface Mine" (applicable to annual accounting periods commencing on or after 1 January 2013)

In October 2011, the IASB issued IFRIC 20. This interpretation clarifies when production stripping costs should lead to the recognition of an asset and how that asset should be initially and subsequently measured. This interpretation is applicable to annual accounting periods commencing on or after 1 January 2013, with earlier application permitted. Said interpretation is not applicable to the Group's activities. This interpretation has not yet been adopted by the EU.

 Amendments to IAS 32 "Financial instruments: Presentation" – Offsetting financial assets and financial liabilities (applicable to annual accounting periods commencing on or after 1 July 2011)

In December 2011, the IASB issued amendments to IAS 32 "Financial Instruments: Presentation" with the aim of clarifying the standard's requirements in the event of offsetting. These amendments are applicable to annual accounting periods commencing on or after 1 January 2014, with earlier application permitted. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This amendment has not yet been adopted by the EU.

 Amendments to IFRS 7 "Disclosures" – Offsetting financial assets and financial liabilities (applicable to annual accounting periods commencing on or after 1 July 2013)

In December 2011, the IASB issued new disclosure requirements, allowing users of Financial Statements to compare in the best possible manner the statements published in accordance to IFRS to those published in accordance with the US GAAP. These amendments are applicable to annual accounting periods commencing

on or after 1 July 2013. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This amendment has not yet been adopted by the EU.

Amendment to IFRS 1 "First-time Adoption of International Financial Reporting Standards"
 Government Loans (applicable to annual accounting periods commencing on or after 1 July 2013)

In March 2012, the IASB issued the amendment to IFRS 1, whereby first-time adopters of IFRS are relieved from full retrospective application of IFRS when accounting for these loans on transition. The Group will examine the impact of the aforementioned modification on the consolidated Financial Statements. This amendment has not yet been adopted by the EU.

 Annual Improvements to IFRS 2009-2011 Cycle (issued in May 2012 – the amendments are applicable to the annual accounting periods commencing on or after 1 January 2013)

In May 2012, the IASB issued the "Annual Improvements to IFRSs 2009-2011 Cycle", which incorporates a series of adjustments to 5 IFRSs and forms part of the annual improvement project. These amendments are not particularly important and do not materially affect the Group's Financial statements. The annual improvements have not yet been adopted by the EU.

 Consolidated Financial Statements, Joint Arrangements and Disclosures of Interests in other entities: Transition Guidance (amendments to IFRS 10, IFRS 11 and IFRS 12 – applicable to annual accounting periods commencing on or after 1 January 2013)

In June 2012, the IASB issued the aforementioned publication, which clarifies the transitional provisions in IFRS 10. Moreover, the amendments provide additional transitional relief in IFRS 10, IFRS 11 and IFRS 12, by limiting the requirement to provide adjusted comparative information only for the preceding comparative period. Furthermore, for disclosures related to unconsolidated structured entities, the amendments will remove the requirement to present comparative information for periods before IFRS 12 is first applied. These amendments are applicable to annual accounting periods commencing on or after 1 January 2013. The Group will examine the impact of the aforementioned modification on the Group's Financial Statements. These amendments have not yet been adopted by the EU.

#### 5. Accounting estimates and assumptions

In preparing the condensed interim company and consolidated Financial Statements, the significant accounting estimates and assumptions adopted by the Management for applying the Group's accounting policies, as well as the main sources of uncertainly affecting the estimates, are the same as those that had been adopted for preparing the annual Financial Statements for the fiscal year ended 31 December 2011.

### 6. Operating segments

The Group implements IFRS 8 "Operating segments", which stipulates that the operating segments are defined based on the "management approach" and requires that external reporting is based on the same principles as internal reporting. The Company's BoD recommended the main business decision-maker and has identified two operating segments for the Group's activities. In particular, the group is active in the healthcare services sector – and specifically the provision of diagnostic and medical treatment services – and the medical supplies, pharmaceuticals and special materials trading sector, mainly within Greece, but also abroad. The required reporting per operating segment is outlined below.

The income, earnings, assets and liabilities per operating segment are as follows:

#### 17.4. Court cases

The Group has contingent liabilities on issues arising in the context of its usual business activities. More specifically:

#### **Major Pending Litigation**

#### **HYGEIA**

The Company (both as a defendant and as a plaintiff) is involved in various pending court cases as part of its normal operation. These also include medical malpractice cases. For the majority of said cases, the Group is covered for professional malpractice through malpractice liability policies it holds. On June 30<sup>th</sup> 2012, the Company had formed a provision of €1.4m. The Company's Management and legal advisors estimate that the pending cases, apart from the already formed provision for *sub judice* cases, are expected to be settled without a significant negative impact on the Company's consolidated financial position or its operating results.

#### **MITERA**

The company MITERA (both as a defendant and as a plaintiff) is involved in various pending court cases as part of its normal operation. On June  $30^{th}$  2012, the Company had formed a provision of  $\in$ 7.46m. The Company's Management and legal advisors estimate that the pending cases, apart from the already formed provision for *sub judice* cases, are expected to be settled without a significant negative impact on the Group's consolidated financial position or its operating results.

Among the aforementioned pending court cases, there is a lawsuit filed by a private maternity hospital against the Company and other maternity hospitals before the Athens Multi-Member Court of First Instance, asking that the Company and the other maternity hospitals are held jointly and severally liable and must be made to pay the amount of  $\in 10m$  as compensation for moral harm. The Company's Management and legal advisors estimate that the said lawsuit will be rejected as unfounded. Note that the company MITERA has filed a counter lawsuit against the same maternity hospital and other defendants before the Athens Multi-Member Court of First Instance, asking that the hospital and the other defendants are held jointly and severally liable and must be made to pay the amount of  $\in 18m$  as compensation for moral harm. The Company's Management and legal advisors estimate that the said lawsuit is well-founded and will be accepted.

#### OTHER SUBSIDIARIES

The HYGEIA Group companies (both as a defendant and as a plaintiff) are involved in various pending court cases as part of their normal operation. On June 30<sup>th</sup> 2012, the Group's other subsidiaries had formed a provision of €0.65m. The Group companies' Management and legal advisors estimate that the pending cases, apart from the already formed provision for *sub judice* cases, are expected to be settled without a significant negative impact on the Group's consolidated financial position or their operating results.

Among the aforementioned pending court cases, there is a lawsuit filed by a private maternity hospital against subsidiary LETO and other maternity hospitals before the Athens Multi-Member Court of First Instance, asking that the Company and the other maternity hospitals are held jointly and severally liable and must be made to pay the amount of €10m as compensation for moral harm. The Company's Management and legal advisors estimate that the said lawsuit will be rejected as unfounded. Note that subsidiary LETO has filed a counter lawsuit against the same maternity hospital and other defendants before the Athens Multi-Member Court of First Instance, asking that the hospital and the other defendants are held jointly and severally liable and must be made to pay the amount of €18m as compensation for moral harm. The Company's Management and legal advisors estimate that the said lawsuit is well-founded and will be accepted.

Minority shareholders of VALLONE Group subsidiary CHRYSAFILIOTISSA PUBLIC LTD have filed a lawsuit against the companies CHRYSAFILIOTISSA PUBLIC LTD, CHRYSAFILIOTISSA INVESTMENT LTD and VALLONE CO LTD to annul the decision by the Extraordinary General Meeting and the BoD of CHRYSAFILIOTISSA PUBLIC LTD to increase its share capital, claiming €15m in compensation. On April 12<sup>th</sup> 2012, by decision of the Nicosia District Court, the application filed by the aforementioned shareholders for an interim order in the context of the aforementioned lawsuit was rejected. The company's legal advisors, having taken the aforementioned decision into account, estimate that the lawsuit is vague and unfounded, and will be rejected.

#### 17.5 Contingent tax liabilities

The unaudited tax years for the Group companies are outlined in Note E.2.

With regard to the Group companies active in Greece, a tax audit was completed in July 2012 and the relevant tax certificates have been issued. From the aforementioned audit, no additional tax liabilities arose that may have a material impact on the Financial Statements of the companies and the Group.

In relation to the unaudited tax periods mentioned above, there is a possibility that additional tax and surcharges could be imposed when they are examined and finalized. Each year, the Group assesses contingent liabilities which are expected to arise from past fiscal year audits, forming provisions where this is deemed necessary. The Management considers that other than the formations made, any tax amounts which may arise will not have a major impact on the Group's net position, fiscal year results and cash flows.

#### 17.6 Other commitments

Other commitments of the Group on June 30<sup>th</sup> 2012 and December 31<sup>st</sup> 2011 were as follows:

|   | GRO       | DUP        |
|---|-----------|------------|
| Amounts in € '000                           | 30/6/2012 | 31/12/2011 |
| Other commitments                           |           |            |
| Within one year                             | 925       | 896        |
| After one year but not more than five years | 2,533     | 2,897      |
| More than five years                        | 363       | 462        |
| Total other commitments                     | 3,821     | 4,255      |

The other commitments of the Group pertain to commitments for the purchase of medical equipment by subsidiary HYGEIA Hospital Tirana.

The Company did not have any other commitments either on June  $30^{th}$  2012 or during the period being compared.
