**PRESS RELEASE**

**“HYGEIA”: Agreement for the Acquisition  
of “Achilleion” Hospital in Cyprus**

The Diagnostic & Therapeutic Center of Athens – “HYGEIA S.A.” announces the acquisition of a 56.7% stake of the share capital of “Chryssafiliotissa Public Ltd” who owns the ACHILLEION Hospital located in Limassol, Cyprus.

ACHILLEION Hospital is a modern, private hospital built in 2004, with a building of 7,000 square meters, consisting of 86 inpatient beds (mainly suites and private rooms), 8 operating theatres, 5 labor & delivery rooms, an Intensive Care Unit, a Step-Down Unit, and significant diagnostic capability to include clinical laboratories, CT-Scan, MRI, etc.

The hospital offers a wide range of medical specialties, including maternity and gynecology, and over 120 cooperating physicians. Achilleion Hospital also owns 100% of “Limassol Medical Centre Achilleion ltd”.

The acquisition price agreed to is CY£ 8,266,756. The agreement will be concluded following the satisfactory completion of legal and financial due diligence exercise, as well as, obtaining the necessary regulatory approval by the Anti-Trust Commission of Cyprus.

The acquisition of a hospital in Cyprus is in the scope of “HYGEIA’s” rapidly materializing expansion strategy calling for it to create the Region’s largest integrated healthcare services group in Southeastern Europe.
