PRESS RELEASE

D.T.C.A. HYGEIA S.A.: Free-of-charge radiotherapy for children with cancer

Within the framework of the Corporate Social Responsibility plan of HYGEIA Group and in response to a request made by "FLOGA", the association of parents with children who suffer from cancer, the Diagnostic and Therapeutic Center of Athens, HYGEIA S.A. offers free-of-charge radiotherapy to children with cancer.

Children's treatment will be performed at the Radiation Therapy and Oncology Centre of HYGEIA, which in 2008 was equipped with 3 state-of-the-art linear accelerators which can ensure optimum results.

HYGEIA also decided to provide these children with free-of-charge treatment using the advanced γ -knife radiosurgery equipment. HYGEIA is the only hospital in Greece and one of the fewest across Europe that is equipped with such equipment.

The children will be coming to the hospital after contacting "FLOGA" Association which takes care of the related arrangements.

The Management of HYGEIA Group wishes to thank the Ministry of Health, Mr. Dimitrios Avramopoulos, who approved the arrangements needed for free-of-charge radiotherapy, as well as to congratulate the Doctors and Physicists of the Radiation Therapy and Oncology Center and the γ -knife Department of HYGEIA for their disinterested contribution.

The Diagnostic and Therapeutic Center of Athens, HYGEIA, is the healthcare investment arm of Marfin Investment Group (MIG), the main shareholder of HYGEIA S.A.
