PRESS RELEASE

DIAGNOSTIC AND THERAPEUTIC CENTER OF ATHENS HYGEIA S.A.

More than double gross profit for 2006.

Improvement of all financial indicators during the 1st quarter of 2007.

2006 constituted a year of strategic changes for the Diagnostic & Therapeutic Center of Athens HYGEIA S.A., as significant transformations took place concerning its shareholding structure, its organizational structure and its business objectives.

The 2006 parent and consolidated results released today reflect the company's significant development course and verify the realization of statements - estimations.

The improvement of financial aggregates is reflected in all parent and consolidated data:

NET PROFIT: During 2006, consolidated net profit amounted to 1,036,863 € compared to losses of 2,346,618 € during 2005. It is noted that financial year 2006 was charged with expenses from previous periods amounting to approximately 9,9 mil. €, without which net profit would exceed 10.9 mil. €.

GROSS PROFIT: Gross profit more than doubled compared to 2005 and on a consolidated basis reached 15,224,833 mil. € from 6,876,066 mil. € the previous year, while individual gross profit amounted to 13,692,202 € in 2006 compared to 5,117,211 € in 2005. Accordingly, the company's gross profit margins have improved.

TURNOVER - SALES: At the company level, sale increased by 12.2% and reached 93,638,975 € compared to 83,453,136 € the previous year, while at the consolidated level, sales increased by 13.2% and amounted to 94,593,377 mil. € compared to 83,558,207mil. € the previous year.

The increasing trend exhibited in all indicators during 2006 and presented in the company's annual financial statements, is expected to continue also during 2007.

2006 constituted a year of internal re-organization and the basic orientation of all administrative bodies was the "HYGEIA" area. Following, 2007 will be an extroversion year for "HYGEIA" and a year for implementing its investment development plans. Moreover, the improvement of indicators and profitability will become more apparent as there will be no additional burdens from previous years.

The implementation of the General Shareholders' Meeting's decisions regarding the issuance of a convertible bond loan is expected to be completed within the 2nd quarter of the present year. The capital reinforcement of the company will allow its strategic development, in Greece and also abroad, either through the establishment of new companies or through acquisitions.
