YGEIA SOCIETE ANONYME”**

COMMENTARY ON PUBLICATIONS OF 18.07.2007

In response to the reg. no. 30579 16/7/2007 letter of the Athens Stock Exchange which refers to electronic and paper type publications relative to takeovers planned by our company in Cyprus we would like to inform you of the following.

During the last time period and given the will of the Management of our Company for foreign expansion, executives of our Company have proceeded to a complete assessment of the market of Cyprus in order to select the best solution for our activation – development in Cyprus.

In the scope of this examination indeed various cases of hospitals were examined however we have decided that the best choice was the acquisition of a majority holding percentage in the company “XRYSAFILIOUSSA PUBLIC LTD” to which the hospital AXILLEION in Limassol Cyprus belongs, an agreement which we announced today with a Press Announcement.
